

2018
impact
report

dear friends,

Since 1905, the Humane Society of Indianapolis Inc (IndyHumane) has served our community. We're proud of our 114 years of uninterrupted service to animals and humanity. Theodore Roosevelt was the President of the United States when our service began. Through that arc of history, IndyHumane has been steadfast in our service to our community.

This year-end report gives you a comprehensive overview of our 2018 accomplishments. As always, our focus on the primary mission never wavered.. I am very proud of all that we achieved together for homeless pets and for the Indianapolis community. Through the wonderful financial support of many thousands of people, our privately funded agency, helped nearly 10,000 animals in a myriad of ways. Be it sheltering, behavior, medical, low-cost spay/neuter, summer camps for kids, or community education, our fabulous staff and volunteers served and served well. Our Rescue Relief program distributed 483,000 pounds of food and supplies to more than 138 organizations in need across the Midwest.

Every time IndyHumane adopts out a dog or cat we don't just send home an animal. We send home love.

IndyHumane is a very important thread in the tapestry of Indianapolis. We are also very constant. Thank you for supporting us in the present and we hope you continue to participate in our future as well.

Respectfully,

David R. Horth
Chief Executive Officer

indyhumane

Serving Indianapolis and the surrounding counties since 1905, the Humane Society of Indianapolis provides vital services to animals and people alike through sheltering and adopting animals. We provide positive reinforcement behavior training for adoptable animals through our behavior programs, and outreach through our community and shelter programs.
